CLEANERS

XtraWipes
Industrial Cleaning Towels
XtraWipes are pre-moistened, heavy duty, non-abrasive hand towels formulated to easily remove soil, grease, oil, and sealant from hands and leaves them clean and conditioned. Powerful, yet safe, this multi-based formula works together within an absorbent hand cleaner towel for proven performance.

Glass Cleaner
Amonia Free Aerosol Cleaner
Premier Industrial Supply, Inc. Glass Cleaner is an ozone friendly glass and surface cleaner formulated for the glass, windows and surface markets. It is an ammonia free, streak free, non-flammable, aerosol formula concentrate used to clean windshields, glass, metal, and other hard surfaces.

Foam Cleaner
Polyurethane Foam Cleaner
A cleaning solvent used to dissolve uncured low expansion polyurethane foam sealant and adhesive. It is also useful for dissolving grease on iron, steel, chrome, aluminum, nonvarnished wood and marble. It is designed for use with our one-component dispensing guns.

BACKER RODS

Backer Rod
Polyethylene Backing Rod
A synthetic cell foam that comes in a variety of shapes and sizes from 1/4" up to 6". It is a cylindrical, flexible sealant backing composed of closed and open cell material per ASTM C1330. Backer Rod limits the depth of sealant and prevents excessive use of caulking.

FLASHING

XtraFlash™ Multi Purpose
General Purpose Economical Flashing
XtraFlash™ Multi Purpose Flashing is a general purpose, flexible and economical flashing system used to prevent moisture intrusion behind many common construction applications. Flashing is a woven and reinforced Polypropylene with scrim coating on both sides. It's manufactured with a proprietary olefin blend engineered to prevent the corrosion of many construction substrates.

XtraFlash™ Nail-On
Premium Grade Flashing
A heavy duty, flexible, tear resistant, woven polypropylene nail on flashing designed to prevent moisture and water intrusion when used around windows and doors. XtraFlash was engineered to provide excellent durability when exposed to high ultraviolet rays and has the ability to withstand high winds. The cross woven design is to be mechanically fastened with staples or capped nails.

XtraFlash™ Membrane
Butyl Based Waterproof Flashing
An aggressive self-adhesive & self-sealing waterproof flashing membrane that adheres to plywood, OSB, masonry, aluminum, vinyl, steel, drywall, and housewrap. The membrane is based on our proven water and moisture vapor barrier technology. It's perfect for use around Windows & Doors, Joints & Vents, Pot Shelves & Recessed Windows and virtually any opening that requires a high-performance waterproof barrier.

XtraFlash™ Plus
Advanced Water & Moisture Barrier System
XtraFlash Plus is a heavy duty, flexible, tear resistant, woven polypropylene mechanical flashing system incorporating a patent pending fold system. XtraFlash Plus utilizes a heavy weight material that has a 1 1/2" strip of butyl applied between the folded flashing of a 12" nail on polypropylene material as well as a 1 ½" strip that will cover the traditional flange, once applied. It's used in mission critical applications that require water & moisture barrier protection.

CAULKING GUNS

HP Caulking Gun
Premier Industrial Supply's Premium 10oz. Caulking Gun provides 'Xtra' quality and 'Premier' durability, and is ideal for dispensing XtraBond 10oz cartridges/tubes. Designed and manufactured with a lightweight durable frame assembly for easy all-day application and extended life. Also integrated with a comfortable grip and trigger for a smooth and controlled thrust. Also features an adjustable wear compensation device for no-loss trigger motion, and a built-in ladder hook for convenience.

Sausage Gun
Premier Industrial Supply's 10oz and 20oz. Sausage Guns provide 'Xtra' quality and 'Premier' durability, and are ideal for dispensing XtraBond sausages (10oz or 20oz respectively). Designed and manufactured with a lightweight durable aluminum barrel for easy all-day application and extended life. Also integrated with a comfortable grip and trigger for a smooth and controlled thrust. Also features an adjustable wear compensation device for no-loss trigger motion.

FOAM GUNS

Economy Foam Gun
Premier's XtraFoam Gun is a highly suitable, eco-friendly, economical foam gun compatible with all standard polyurethane foam bottles. The foam gun has an adjustable control nozzle to control the flow of foam and it's plastic handle and steel barrel makes for simple use, easy cleanup and worry-free maintenance.

Mid-Grade Foam Gun
Foam Spray gun designed for the application of single component polyurethane foam, packaged in pressurized cans. The gun enables the user to adjust the product flow, thereby reducing waste. The gun is hermetically sealed, which prevents hardening of the product in the gun. Professional, metal, reusable gun for the price of a plastic gun.

Premium Foam Gun
Premium Foam Applicator gun allows gun grade expanding foam to be applied cleanly and precisely. The foam gun has an adjustable control nozzle to control the flow of foam. The gun is made with heavy duty aluminium bodied PU foam gun with stainless steel nozzle and Teflon coating for easy cleaning.

About Premier
Premier Industrial Supply, Inc. manufactures, sells and distributes Sealants, Adhesives, Flashing, Foams and related products to Residential Construction, OEM and similar industries. With locations on both East and West Coasts, we are capable of getting product delivered in ultra-short turn-around times at competitive prices that are hard to beat. We are 100% American-made and 100% American-supported – offering local support & service from start to finish and beyond.
