

XTRAFASH
MEMBRANE FLASHING

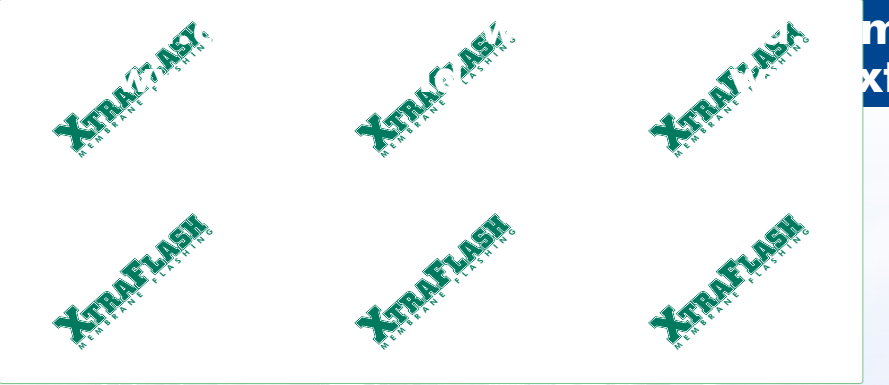

XtraFlash™ Modified Butyl Based Membrane is an aggressive self adhering & self sealing waterproof flashing membrane that adheres to many common construction substrates.

- WaterProof
- UV Resistant
- Meets ASTM E2112-01
- Stops air and moisture leaks around window & door openings
- Wind & Tear Resistant
- Mold & Mildew Resistant
- Moisture Resistant up to 140 Hours

Available Sizes: 4", 6", 9" 12", 18" x 75ft rolls

XTRAFASH
NAIL-ON FLASHING

XtraFlash™ Nail-On Flashing is a heavy duty, flexible, tear resistant, woven polypropylene nail-on flashing designed to prevent moisture and water intrusion when used around windows and doors.

- Wind & Tear Resistant
- Mold & Mildew Resistant
- UV Resistant up to 365 Days
- Moisture Resistant up to 140 Hours
- Meets ASTM E2112-01 Length

Available Sizes: 6", 9" 12", 18" x 300ft rolls

XTRAFASH
MULTI-FLASH SYSTEM

XtraFlash™ Multi-Flashing is a woven and reinforcing Polypropylene scrim coated on both sides with a proprietary olefin blend engineered to prevent the corrosion of many construction substrates. Developed with cost in mind.

- Job Site Durability
- Cost Effective Solution
- High Wind Area Approved
- Part of the XtraBond™ & XtraFlash™ System
- UV Resistant
- Water Resistant
- Wind & Tear Resistant
- Mold & Mildew Resistant

Available Sizes: 12", 18" x 120ft rolls, 9", 12" x 300ft rolls
